

GROW FRUIT ACTIVITY SUPPLEMENT WEEK 37 • NAAMAN IS HEALED

Tips:

- If a kid isn't sure what to say about a fruit or how to act it out, you can give them ideas.
- If a kid doesn't know what a fruit is, they can pick a different fruit to be.

Game adaptations if a kid in your group has a disability:

- They can describe the fruit only, and not have to act out growing from a seed into the fruit.
- They can be in charge of choosing which kid will get the next turn.
